

In better shape and more easily to keep in repair, and, if anything, less mileage." He wished the movement much success, and trusted that it would surely go through.

For Government Aid.
Congressman Hal Floyd, who was in the city yesterday, said in an interview:

"I believe that roads must be built by the aid of the people, by the counties, by the State and by the national government. For years I have advocated the county tax for building roads. I have approved of State appropriations, and for a number of years I introduced in Congress a bill appropriating \$25,000,000 a year to be distributed among the States according to their respective population to aid in building good roads. I am glad to see The Times-Dispatch and the Washington Post taking up the subject so earnestly, and I trust that the movement will be successful."

FALLING INTO LINE.

Many Counties Along Route Will Put Their Roads in Shape.

(Special to The Times-Dispatch.)
RALEIGH, N. C., July 2.—F. S. Weldon, of Atlanta, Ga., secretary of the Capital-to-Capital Automobile Highway Association, was in Raleigh several hours to-day, he being out for visits to the local authorities along the line. He has assurance from county, township and town authorities all the way from Atlanta to Lexington, N. C., that the highways will be put in thorough condition in their respective sections. He went to-night to Sanford for a conference with the Lee county authorities, where determination has already been expressed to meet every requirement in connection with the highway through that county. This is the sentiment in all seven of the North Carolina counties traversed.

Mr. Weldon says that the ultimate success of the capital-to-capital route is already assured, and that too much credit cannot be given the Richmond Times-Dispatch and the Washington Post for the stand they have taken for its establishment.

GREAT FLEET TO GATHER

Tentative General Program for Summer Manoeuvres Is Announced.

BOSTON, MASS., July 2.—The tentative general program for the manoeuvres of the great battleship fleet that will assemble at Provincetown next week for the summer drill was announced to-day by Rear-Admiral Beaton Schroeder, who will command the largest and strongest aggregation of warships that has ever assembled in American waters. There are to be seventeen battleships, six fleet auxiliaries, the Dixie, parent ship, and the torpedo flotilla of twelve boats, the submarine flotilla, with the gunboat Casine, parent ship, and six submarines, and the scout cruiser squadron of three ships.

From July 7 until late in August the fleet will engage in elaborate tactical manoeuvres. In the morning, in connection with the reassembling of the Atlantic fleet is the addition of several new ships, and the almost complete change in the fleet and division commanders. The new ships are the Navy Hampshire, Idaho, Wisconsin and Mississippi. These replace the Illinois, Kentucky and Kearsarge.

The work laid out for the fleet will occupy every day and some of the nights, and includes fleet, squadron and division evolutions, day and night, offensive and defensive, torpedo boat and submarine attacks, anchoring and getting under way in all classes of formation. The ships will coal by divisions, and there will be work in tactical evolutions in small boats under sail and oar and landing parties. Each Sunday during the summer will be given over to the instruction of the men in swimming and lectures on the various requirements of a man-of-warman.

CATCH DEER IN BATH TUB

He Had Taken Refuge From Pursuers in a Providence Residence.

PROVIDENCE, R. I., July 2.—After an exciting chase throughout Providence and Washington Streets and yards in that vicinity yesterday morning in which a crowd of men and boys took part, a young deer was captured at the house of Michael J. Kilroy, where it had taken refuge. The deer was first seen by a man who gave chase, and was followed by others in the neighborhood. The creature had little difficulty in eluding his pursuers, but was cornered, he jumped through an open window of Kilroy's house and landed on his back in a bathtub. Charles E. Ward, James Sweet and Patrolman Frank Schiller captured the deer before he could escape from the house. A patrol wagon took the animal to the station house, whence he was taken to Roger Williams Park.

PLOT TO ASSASSINATE CZAR

More Evidence Against Anarchists Unearthed at Stockholm.

STOCKHOLM, July 2.—Further evidence against the plot to assassinate the Emperor of Russia some time ago in his approaching European trip, was unearthed yesterday. Adolf Yang, the Swede who last week shot and killed Major-General Beckman, chief of the coast artillery, and committed suicide, belonged to a group of anarchists who have been plotting the death of the Russian ruler. It was learned that the group had been arrested previously to the killing of General Beckman, but their apprehension was kept secret. Two of them were taken to the palace in the morning, a letter saying that inasmuch as his Russian comrades had been arrested, it was impossible for him alone to kill the Emperor. Consequently he assassinated the first high official he met.

PHONE SWEARING LAWFUL

High State Court Says So, If in a Moderate Degree.

DES MOINES, July 2.—Sweeping over the telephone in a moderate degree is permissible in Iowa, according to the State Supreme Court.

THIS WILL INTEREST MOTHERS.

to a decision just handed down by the Supreme Court. Because of this ruling the Marcy Telephone Company, of Boone, will have to reinstate the telephone of George Huffman. They took it out because they said he swore over the wire.

The Supreme Court reached the conclusion that swearing is a modern relic for a man under certain business strains and is permissible as long as it does not become too strenuous. Swearing on a party line and some of the other parties were shocked at his swearing when they took down their receiver and heard him talking to another party.

WED AGAIN AFTER 25 YEARS

Each Has Had and Lost Another Mate Since Divorce.
TAMPA, FLA., July 2.—Married, divorced, separated for twenty-five years, during which time they took other mates, from whom each separated, and then remarried, the life story of Mr. and Mrs. W. R. Thomas, of Tampa, was told yesterday. Mr. Thomas and Miss Edith Rugg were married near Helena, Ga. One night the husband brought a bottle of whiskey to the table.

enterprise on their part, and I entered into it because I had no other motive than the cause of education. I believe that all who read these books will be permanently benefited.

"For this work I was remunerated. How much I received I don't care to make public. I did not consider that my acting as editor could be considered as lending my name or what prestige might have for advertising purposes, as has been insinuated. It is a strict business proposition, and naturally the publisher will advertise largely.

"Now, in regard to the list of books: The Bible and Shakespeare were omitted from the list at the suggestion of the publisher. The reason, of course, is that most people have read the Bible and Shakespeare.

"The list was originally intended to be a fifty-book list. Now, any good edition of Shakespeare would take five volumes. The Bible would take three volumes, and there would be almost gone out of the fifty."

NEWLYWEDS IN COAL CART

Bridegroom Had Played Many a Joke, and Was Paid Off.

WASHINGTON, D. C., July 2.—To begin a honeymoon with a ride to the Union Station in an old coal cart, drawn by an older mule and driven by a colored man who had just returned from a hard day's work, is considered a unique experience. Harry E. Huntberry and his bride, who was Miss Beulah Bush, do not care to discuss the details of the trip, which was the result of a practical joke by The Merry-makers, an organization in connection with which the bridegroom has long participated in similar pranks.

There was nothing unusual about the ceremony until the bride couple started out of the church to be escorted to their carriage. Then the fun began. Instead of a carriage there was the coal cart. The bridegroom protested, but he was admonished by his fellow-merry-makers not to make a scene at the church, and there was nothing for him to do but to assist his bride to the hard board seat in the cart.

The ushers followed, each holding a ribbon attached to the cart and driving a horn to attract a crowd for an escort. In this they were eminently successful. By the time the cart reached the Union Station there were 1,500 persons following.

CHARGES ARE FALSE

Meat Inspection Service at East St. Louis Is Very Satisfactory.

WASHINGTON, July 2.—Dr. A. D. Levine, of the Bureau of Animal Industry and George C. Mache, collector of the department, who investigated the charges of J. P. Harms that the Federal meat inspection service at East St. Louis was "rotten and a racket," to-day reported that the inspectors there are honest men who are performing their duties efficiently, and that no meat unfit for human food has been passed.

The report, approved by Secretary of Agriculture Wilson, is an exhaustive presentation of the case. The committee states that the investigation was most searching, but failed to disclose any trace of dishonesty upon the part of any employee at the East St. Louis station. It is pointed out, however, that there is absolutely no basis for the charges made by Harms, they will, undoubtedly, to a greater or less extent, reflect injuriously upon the foreign market for American meat food products.

As a result of the report, Secretary Wilson has ordered the summary dismissal of Meat Inspectors Harms and Bishop and Veterinary Inspector Michael.

BRIDE'S GOWN IGNITED BY EXPLODING TORPEDOES

Husband's First Act on Honeymoon Is to Save Wife from Flames Kindled Wedding Fest.

SHAMOKIN, PA., July 2.—Her wedding gown ignited by exploding torpedoes, thrown at her feet as she left the church where she had just become a bride, Mrs. James Mowery was saved from probable serious injury or death only by the prompt action of her newly-made husband.

When Mowery, with his wife, appeared at the church door, after their wedding ceremony, a number of boys followed the couple, crying out the usual "newly wed" jokes and throwing the torpedoes.

The explosives fell in a shower over Mowery and his bride, and almost instantly the flimsy fabric of the bride's gown was in flames.

Seizing his wife in a rather rough embrace for such an early stage of the honeymoon, Mowery managed to beat out the blaze. In the meantime the boys had fled.

WOOPER WINS ON TRAIN

Sleepy Papa Consents, and Hasty Wedding Follows.

PITTSBURGH, N. J., July 2.—Dr. Herbert A. Stoughton, of Philadelphia, and Miss Mary E. Shields, of Philadelphia, were returning on Wednesday night from a trip to Wildwood, when the young lover prevailed upon his sweetheart to wed at once instead of waiting till the date fixed, some time late in the summer.

"If papa's willing?" was the only question Miss Shields made to the agreement.

When the couple reached here Papa Shields was found asleep, but he was awakened by the news of the wedding. It was discovered that Rev. E. A. Robinson, who was wanted to tie the knot, was busy at another wedding, but he was finally reached, and the ceremony was performed in the parlor of the parsonage.

CISSY LOFTUS WEDS AGAIN

Divorced Wife of Justin Huntley McCarthy Marries Physician.

LONDON, July 2.—Cissy Loftus, the well-known American actress, who divorced Justin Huntley McCarthy, married again to-day, the union being celebrated by reasons unapparent. The fact is unknown in London except to a very few intimate friends. Miss Loftus is playing this week at the Coliseum. This evening the management received a telegram from a physician who has been attending her, saying that she was in danger of being the victim of a plot to murder her. She is, however, in excellent health, and the reason for her absence is the much more romantic one of her wedding the physician in question. The marriage took place in the registry office.

MURDERER SAVES SUSPECT

Cunningham Admits Killing Girl and Then Awaits Her Arrest.

SAN FRANCISCO, July 2.—James Edward Cunningham, a laborer, to-day confessed to the murder of Miss Caroline Brauch, cashier for Gray Brothers Construction Company, who was shot and killed in the company's office last Wednesday.

Cunningham surrendered himself because another man was under arrest charged with the crime. He entered a newspaper office last night and made his original statement, which later was repeated to the police.

The detective department was not notified until early to-day. Then representatives of the paper delivered the man into custody, together with a revolver with which the crime is said to have been committed.

In the arrest of J. Novak, another laborer, employed by Gray Brothers, the police were advised to look for the crime on an innocent man who was charged to be the victim of circumstances almost unparalleled.

Cunningham, according to his statement, entered the offices of the Gray

Road from Washington to Richmond, to be traversed by the Washington Post-Times-Dispatch good roads scouts next Tuesday.

Brothers just as Novak departed. Novak had disputed with Miss Brauch over a trifling difference in his pay check, and, failing to get satisfaction, went away in anger.

Stepping before the cashier's window immediately afterward, Cunningham declares he renewed a wrangle of several weeks' standing over his check and finally shot the girl.

Cunningham is a native of Setau, R. I.

Sigma Chi Fraternity.

CHICAGO, ILL., July 2.—The twenty-ninth annual grand chapter of the Sigma Chi Fraternity closed its four-day session to-day with the election officers.

Every bottle warranted, but not one returned, is the report regarding Dr. Sath Arnold's Balm (the best summer remedy) from a large number of druggists in the South. This balm is warranted to you by J. F. BAUER.

TELEGRAM FOUND

Police Have Evidence That Chinaman

NEW YORK, July 2.—The body, supposed at first to be that of a Chinaman, which was found in the Hudson River last night, was not that of Leon Ling, who is charged with the murder of Elsie Sigel. After an autopsy to-

day, Dr. Thomas Curtin, coroner's physician, declared the body was that of a white boy not more than sixteen years of age.

Paul Wegel, the father of Elsie Sigel, visited the morgue and pronounced positively that the body was not that of Leon Ling.

It became known to-night that in searching through the telephone company's files the police found a message opposing was sent by Leon from New Orleans to Yung Dat, one of Leon's friends, who formerly lived here, but disappeared recently. The message, from what can be learned, instructed Yung Dat to join him in New Orleans.

DREAD OF NOISY FOURTH CAUSES HIS DEATH

Veteran, After Appeal for Same Celebrates Victim of War.

AKRON, OHIO, July 2.—Gustav Thiese, a Civil War veteran, who some time ago predicted his death would occur between July 2 and 6, died yesterday as a direct result, his physician believes, of his dread of the coming Fourth of July celebration.

Some time ago Thiese wrote a letter to the Akron W. C. T. U., begging that body to use every means to secure a sane Fourth.

"I know I cannot live through another Fourth," he wrote, "if there is much noise and life is in danger. It will be impossible for me to stand it."

His appeal led to a movement for a sane Fourth in Akron.

GERMANY TRIES GUN SILENCER

War Ministry Makes Successful Test of Hudson Maxim's Invention.

BERLIN, July 2.—Hudson Maxim is showing his gun silencer to the military of war. Experts applied it to the Maxim machine gun yesterday for the first time and were highly satisfied with the result. So also are German artillerymen.

The noise, recoil and flash were annihilated. It worked equally well on the Maxim and the Vickers. The machine was by the bullets. Experiments will be made shortly with big guns.

SULTAN'S MEN BEHEADED

Barbarous Methods of War Used by TANGIER, MOROCCO, July 2.—During the recent fighting in front of Fez between the forces of the pretender and the troops of the Sultan, fourteen of the imperial soldiers were captured and decapitated and their heads exposed in the pretender's camp.

El Kebir has entered Mequinez. Muhi Hand, the Sultan, was so enraged when he learned of this action on the part of his brother, that he had all Kebir's mother whipped in public.
